Mr. S. R. Morss

Dear Mr. Morss:-

Thank you for your report. It is the most flattering we have received to date, due mainly to the powerful signal of WMCA.

Your log is quite correct. We did feature Dixieland Jazz, and we did open and close our voice identification with code.

Please pardon our delay in answering your report; it has been rather hectic here over the Xmas period, and it is only now that I have been able to devote any time to answering and acknowledging letters. Who knows, perhaps we may have the pleausre of hearing from you after our next DX Broadcast.

Yours truly,

Laurence G. Bourne
